Dear Mr. Hazell:

Qualification is granted to the QPL product assurance level (Appendix A) of Department of Defense Performance Specification MIL-PRF-55110G, Amendment 2. The type and base materials indicated below shall be listed on Qualified Products List QPL-55110. The effective date of this qualification is January 10, 2008. Plant location: same as above.

RETENTION REPORTING PERIOD	PRINTED BOARD TYPE AND BASE MATERIAL	QUALIFICATION REFERENCE NUMBER
July 1st through June 30th	Type 3, GF material	55110-082060-011011*#
* Denotes etchback approval # Denotes foil lamination approval		

A retention report in accordance with paragraph A.4.5.5 of MIL-PRF-55110G, Amendment 2 shall be submitted to this Center by August 31 of each year or loss of qualification may result. The report shall be based on the reporting period above and shall include data from all product built under the current and previous qualification reference numbers, as applicable. The report must also include the group B raw data along with a completed DSCC Form 36W for each qualification reference number listed on QPL-55110. If the manufacturer has no certified production in the reporting period, the manufacturer must indicate this on the completed DSCC Form 36W. DSCC reserves the right to request evidence of the manufacturer's capability to produce QPL printed wiring boards as stipulated by paragraph A.4.5.5 of MIL-PRF-55110G, Amendment 2.

Manufacturers are required to inform DSCC-VQE within 3 business days if a failure occurs during group B testing, if production of these products is discontinued, or prior to issuance of a GIDEP Alert and/or Problem Advisory on product represented by this qualification. This qualification shall expire 3 years from the effective date cited above, as indicated by the last 6 digits of the qualification reference number (mmddy). A stop shipment/stop production is effective on the qualification expiration date unless approval is granted by DSCC-VQE to complete existing contracts.

Sincerely,

Joseph Gemperline
